Welcome to Intel Trading Company

Founded in 2015 in Doha, Intel Trading Company has become a trusted name in supplying building and hardware materials. From essential construction supplies to finishing products, we offer everything needed to create strong, lasting structures. Our commitment to quality has made us a key player in the construction and hardware industries, and we take pride in being a reliable partner for our clients' success.

Mission

To be the trusted partner in providing top-quality building materials and exceptional service, empowering our clients to build with confidence.

Vision

To revolutionize the construction industry by delivering unparalleled quality, reliability, and efficiency, becoming the go-to supplier for builders across the region.

Here are the reason why choose us

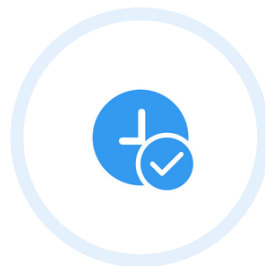

Reliability

Our team offers global expertise, local insight for your benefit.

Variety

Find everything you need with our extensive selection.

Punctuality

We promise quick delivery of products for on-track projects.

Quality

Quality is our foundation of every offers from pipes to paints.

We deliver building materials that truly last, plumbing that stands up to the test of time, and hardware that performs day in, day out. Our commitment to quality ensures that your projects are built on a foundation of excellence, providing you with the peace of mind you deserve.

Our Products

At Intel Trading Qatar, we offer a **comprehensive range** of building materials, plumbing solutions, and hardware products designed to meet all your construction, renovation, and maintenance needs.

1. SANITARY WARES

Elevate your bathroom and kitchen experience with our premium sanitary ware collection, crafted to blend functionality with elegance.

- Elegant design, durable construction
- Hygienic surfaces, easy to clean
- Water-efficient, eco-friendly models
- Versatile styles, fits any décor

2. FASTENERS

Our fasteners provide a reliable, strong hold on any material, making them the choice for dependable performance in tough conditions.

- Robust grip, versatile applications
- Corrosion-resistant, long-lasting use
- Easy installation, saves time
- High load capacity, reliable performance

3. PLUMBING MATERIALS

Our plumbing materials deliver the high-quality essentials needed for efficient plumbing installations and repairs.

- Premium quality, leak-proof materials
- Wide compatibility, flexible use
- User-friendly, quick assembly
- Resistant to wear, long lifespan

4. SAFETY PRODUCTS

Our safety products meet rigorous standards and are crafted with innovative materials to shield you from hazards while ensuring all-day wearability.

- Maximum protection, meets standards
- Comfort fit, all-day comfort
- Durable materials, prolonged use
- Innovative design, enhanced safety

5. BUILDING MATERIALS

From sturdy shovels and durable buckets to highly visible traffic cones and robust nails, each item is selected for its quality and versatility.

- Durable tools, reliable performance
- Multipurpose accessories, varied use
- High-visibility safety items included
- Quality materials for professional results

6. DRAINS

Ideal for residential and commercial applications, these drains are built to last, ensuring a clean and efficient water exit strategy that you can set and forget.

- Optimal flow, clog-resistant design
- Durable build, withstands elements
- Easy installation, maintenance-free
- Versatile use, both indoor/outdoor

7. CLAMPS

These clamps are engineered for adjustable pressure and are perfect for a variety of applications, from woodworking to metal fabrication.

- Adjustable tension, secure grip
- High-grade materials, durable use
- Multipurpose, broad application range
- Ergonomic design, easy handling

8. FLANGES & GASKETS

Made to withstand high pressures and temperatures, these components ensure a leak-proof connection in any industrial environment.

- High-pressure tolerance, leak-proof
- Heat-resistant, for harsh conditions
- Precision fit, universal compatibility
- Quality materials, corrosion resistance

9. GROOVED & GI FITTINGS

Designed for quick and secure connections. These fittings combine reliability with ease of installation, making them a top choice for modern plumbing and HVAC systems.

- Quick-connect design, saves time
- Robust construction, leak-free joints
- Versatile use, plumbing and HVAC
- Corrosion-proof finish, long life
